

kids therapy made simple

## Financial & Office Policies

Kids Therapy Made Simple appreciates the confidence you have shown in choosing us to provide for your child's needs. The service you have elected to participate in implies a financial responsibility on your part. It is our policy to make definite financial agreements with you before any treatment starts. Please understand that payment of your bill is considered part of your child's treatment. This Financial & Office Policies document is an agreement between Kids Therapy Made Simple and the parent, guardian or other responsible party of the child. Your understanding of this document is important to our professional relationship.

### Insurance Plans:

Insurance is a contract between you and your insurance company. It is your responsibility to know your insurance policy benefits and to understand if your insurance has specific rules or regulations. As a courtesy to you, we will bill your insurance company directly for therapy services rendered if we are an IN-NETWORK provider for your specific plan. If you are unsure about your current health insurance policy benefits, you should contact your provider to learn the details about your benefits, out-of-pocket fees and coverage limits.

I understand that all payment for services rendered that are "patient responsibility" including co-pays, coinsurance and any amounts expected to be applied to my deductible are due at the time of services. If my insurance provider applies payment toward my deductible, I am responsible for the full amount posted to my account. Any balance not covered by my insurance becomes my responsibility. \_\_\_\_\_initial

I understand that as a courtesy, Kids Therapy Made Simple will bill my health insurance company directly for therapeutic services rendered. If problems arise regarding coverage issues, Kids Therapy Made Simple will attempt to work with my insurance company to help resolve the issue prior to making it my responsibility. However, I understand that I am nevertheless ultimately responsible for payment of therapeutic services rendered by this clinic. Not all services provided by Kids Therapy Made Simple are covered benefits under all insurance plans. If my claim is denied by my insurance carrier, I understand that I am responsible for paying Kids Therapy Made Simple's standard Private Pay rate of \$150.00 for each of the therapeutic services rendered. \_\_\_\_\_initial

I understand that it is my responsibility to update Kids Therapy Made Simple with my insurance information each time it changes. If I have provided incorrect insurance information and it precludes Kids Therapy Made Simple from obtaining payment for services, I understand that the charges associated with my child's treatment will be my responsibility. \_\_\_\_\_initial

### Payments:

If we are not In-Network with your insurance company, we are unable to bill your insurance company and we cannot accept assignment from them for the services performed. In this case, Kids Therapy Made Simple will provide you with a Superbill that you may submit to your insurance company for reimbursement.

Not all services provided by Kids Therapy Made Simple are covered benefits under all insurance plans.

I understand that all payments are due at the time of service. \_\_\_\_\_initial

I understand that the parent or guardian accompanying my child to their treatment session is responsible for payment at the time of service. In the case of a divorce, I will not put Kids Therapy Made Simple in the middle of marital disputes as a divorce decree is a legal document binding only on the two parties to it. It is my responsibility to work out payment of my child's services between the custodial and non-custodial parent. \_\_\_\_\_initial
